Executive Director's Report

1998 has been an interesting year. We have moved ahead in some areas, but not progressed as we would have liked in others. Before looking at some of these areas below, I will just make some general comments looking forward to 1999.

I believe this is a year where TTNZ will have to focus its efforts on the grass-roots of the game. It is imperative that we increase the number of people playing Table Tennis. More players mean more money in the sport, a much stronger sport and a greater likelihood of attracting new administrators to the game. The employment of a National Development Officer is a start in this direction, and we will also be putting major emphasis on the training of coaches.

But I believe it's also necessary to look at how we attract players to Table Tennis. Figures show that in sport overall, 60% of people want to participate in sport casually. That is, they want to play when they want and with who they want. And they will pay to do this. Are we offering our sport to these people in the right way? Are we making it easy for them to play? Are our price structures such that we benefit from their participation in Table Tennis. These are questions we should be looking at in 1999.

High Performance
The main focus of the year was the Oceania Championships held in Bendigo, Australia in May. The New Zealand Senior teams had their best ever results finishing 1st in their respective competitions. It was the first time ever our Men's and Women's teams have won at the same time.

In the individual competitions, Li Chunli was in a class of her own in winning the Women's Singles, and she teamed with sister Karen to win the Women's Doubles. Other performances of note were Shane Laugesen reaching the semi-finals of the Men's Singles and Peter Jackson and Li Chunli reaching the finals of the Mixed Doubles.

New Zealand teams also competed at the Asian Championships in Japan performing creditably. It is hoped the Asian Championships will become a regular part of New Zealand's international programme.

Later this year, Li Chunli again performed outstandingly at the Women's World Cup, losing an extremely close match in the quarter-finals. In section play she beat the World number two, Li Ju.

National Coach
1998 saw the appointment of a full-time National coach, Zhu Hui. Zhu was appointed in a joint venture with the North Harbour Association, and was used by them for regional coaching in addition to his national duties. We had hoped to establish a National Training Centre at North Harbour where Zhu would be employed working with top players. This created some controversy, and ultimately TTNZ decided not to proceed with the National Training Centre.

Zhu has had a positive effect on Table Tennis this year, coaching the Men's team at the Oceania Champsionships, being involved in training camps and rewriting our coaching manual. It is with regret that we bid him farewell to a new job in China.

National Development Officer
An exciting initiative for TTNZ is the appointment of John Stapleton as the National Development Officer. John is on a six month contract with the primary aim of working with Associations to increase membership and revenue. He brings with him many years of experience in Table Tennis and has developed a number of innovative ways of increasing membership for North Harbour. I am sure his employment will bring significant benefits to Table Tennis in New Zealand.

Coaching Development
Due to obtaining substantial funding from the Sport, Fitness and Recreation Industry Training Organisation (SFRITO), TTNZ was able to begin a much needed rewrite of our coaching manual and accreditation process. The Level One manual has been fully rewritten, and work is beginning on the Level Two manual.

The funding also allowed us to hold a coaches training weekend, where 50 coaches were put through a Level One course. We are now in a position to hold regular courses for coaches wishing to improve their skills.

I would like to thank Richard Lee, James Morris, Stacey Hooper, Murray Finch, Zhu Hui and Lyn Johnston for all their work in this area.

Individual Member Registration
TTNZ introduced a system of IMR this year, requiring those playing Table Tennis to join TTNZ for a fee of $5, half of which would be retained by their local Association. This has not been a successful system, with little over 2000 members currently on our database. This compares with a registered membership of 4000 for last year.

It is hard to pinpoint the exact reasons for this, certainly the numbers playing Table Tennis have not dropped by 50%. It seems to be a combination of players, especially "social" players, not perceiving any value in joining TTNZ, and most Associations not having the resources to enforce that all players under their auspices should join. The system of having a database of members of TTNZ is a good one, but some rethinking will be needed to ensure that it continues in 1999.

Affiliation Fees
As in previous years this has been a thorny issue between TTNZ and Associations. A proposed system of affiliation fees and IMR was not accepted at last year's AGM, and this left TTNZ in the position of having to set affiliation fees without having the time to develop a new system in conjunction with Associations. A completely unsatisfactory arrangement.

It is hoped that a new system will be adopted at this year's AGM. A proposal has recently been presented to most Associations with an approval in principle.

Thanks
I would like to thank John Kiley for his continued support and work in the TTNZ office and Robin Radford for the countless hours spent editing each TTNZ Info magazine. Robin will also be taking over the TTNZ website from next year.

Next year promises to be a challenging one. There is much to do, but we have made the first steps along the way. I look forward to working with you in 1999.

SCHOOLS TEAMS CHAMPIONSHIPS

(Hosted by North Harbour Association, 28 – 29 September)

Following a proposal from the North Harbour Association, a new format for the 1998 Schools Teams Championships replaced the previous system of association and regional play-offs and a National Final. An open teams tournament was held, with primary, intermediate and secondary teams all competing in their respective competitions alongside one another. The format was successful and the much larger number of players of all ages created a bouyant atmosphere.

33 teams participated: 25 secondary and 8 primary / intermediate.

The primary/intermediate and secondary girls' competition were played as round-robins and the larger open secondary competition was divided into sections and teams then graded according to their section play results.

STATEMENT OF ACCOUNTING POLICIES for the year ending 30 September 1998

General Accounting Policies

The measurement basis adopted is that of the modified historical cost system. Accrual accounting is used to match revenue and expenses.

Particular Accounting Policies

Accounts Receivable and Sundry Debtors are recorded at net realisable value, after eliminating doubtful debts.

Depreciation for the following asset classes is provided on a straight line basis at rates that will write off the cost of the assets over their estimated useful lives which are as follows:

Office Equipment	5 years
Computer Equipment	5 years

Depreciation is being provided on a diminishing value basis in respect to Office Furniture at 10% pa.

Goods and Services Tax: These financial statements have been prepared on a GST exclusive basis and any tax due or owing at balance date is shown in the Statement of Financial Position. GST is accounted for on the payments basis.

I have audited the financial report contained in the 1998 Table Tennis New Zealand Annual Report and Statement of Accounts. The financial report provides information about the past financial performance of Table Tennis New Zealand, Inc. and its financial position as at 30 September 1998. This information is stated in accordance with the accounting policies set out on the third and fourth pages of the financial report.

Auditor's Responsibilities

It is my responsibility to express an independent opinion on the financial report present by the Board and report my opinion to you.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial report. It also includes assessing:

- the significant estimates and judgments made by the Board in the preparation of the financial report, and
- whether the accounting policies are appropriate to Table Tennis New Zealand's circumstances, consistently applied and adequately disclosed.

I conducted my audit in accordance with generally accepted auditing standards in New Zealand except that my work was limited as explained below. I planned and performed my audit in order to obtain all the information and explanations which I considered necessary.
