"Looks like we could be in for some fairly spirited table tennis."

The cartoons on pages 11/12 were supplied by **Barrie Kendall 12 Blake St Dunedin**. These newspaper cartoons on China were (with permission) also published in the Otago Table Tennis Association 1971 Annual report. (see below).

See also some **Neville Lodge** Cartoons.

Text from the OTTA 1971 Annual report:

Table Tennis received its greatest boost ever when it provided the medium whereby the Bamboo Curtain was lifted and table tennis players from several countries were invited to enter Red China. The world shattering news surpassed the publicity given to the world championships in Nagoya, Japan. To illustrate how the world was effected we have made a collection of cartoons which appeared in New Zealand newspapers in April. We thank all newspapers concerned for allowing us to reproduce their cartoons.

COMPETITION – Select 5 captions and put them in order of merit:

1. We're supposed to have a bat each in the doubles.
2. I didn't think they'd allow coaching during the singles final.
3. I wish you'd remember to bring a bat of your own.
4. Whose grip are you trying to improve – yours or mine?
5. This is what I call a close game.
6. We're veering to the right – left hand down a bit.

Also published in German TT publication April 1976 European Championships issue, with wording number one.
